West Dighton Christian Church (Originally Elder Goff's Meeting House) had it's start in 1771/1772 when a number of believers gathered in a barn at Briggs Farm on Old Wellington Street under the leadership of Elder Goff. In 1780 a proper building was completed near the present Rehoboth town line. The present building here was completed in 1796. Since then worship services have continued with only a short time when the church was closed after WWII.

Despite its age, today WDCC is a vibrant growing congregation. Our simple mission is to: Help people find their way back to God and grow in their relationship with God and others We desire to deeply impact our church family with a greater understanding of God's Word and its practical application, motivating us to introduce Jesus to our communities by authentic love and service without strings attached.

## THINGS TO DO NEXT

We are so glad you came and shared this time of celebration with us. If you have any questions, comments, or would like someone to pray with you please don't hesitate to contact us.

We would be honored, if you dont have a church family, to join us for worship on Sunday. We meet at 10:00 in the Hall/Worship center.

Our worship times are informal "come as you are" services. We focus on what God is saying to your heart, not your outward appearance. In our service we sing upbeat and meaningful songs to God and then hear a teaching from God's Word with a practical application that applies to your life right now. Of course we pray for each other.

We confess. we are a messy people on a journey trusting that God is putting us back together. So, if you want to join us on that journey, we would be blessed.
